

JMA & LEARNING TO SERVE

EXPANDING OPPORTUNITIES FOR EDUCATION FOR LOCAL FAMILIES SINCE 2018

“My son was experiencing anger issues in public school. I knew he would do better in a smaller classroom setting with extra time to process things. JMA has given my son a great, diverse experience which has helped him become more confident in himself. His teachers love and support him. My son loves everything about JMA and he feels safe. Our LTS scholarship has been a life-saving award for me as a single parent.”

“Our kids were experiencing anxiety and were being exposed to things that were not age-appropriate in public school. Since arriving at John Milledge, my daughter has thrived with a small group of girls and my son has fit right into his age group of boys with no issues. I cannot express our gratitude enough for the blessing of the LTS scholarship. As with the ministry that I serve in now, being faith funded in nature, I am constantly humbled by watching how other lives can be blessed by the open hands of generous people who share what God has given to them.”

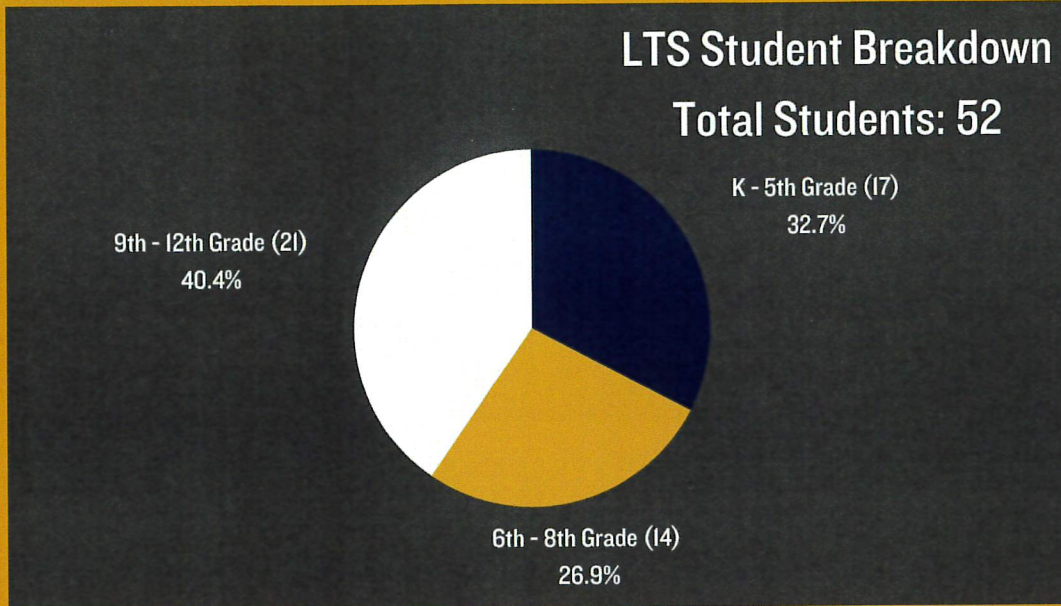

“My kids feel loved on at JMA. Their grades are tremendous and they are receiving hands-on training from their teachers and coaches. I love the family-oriented atmosphere. I would never have been able to afford private school for my kids. I can’t thank Learning to Serve enough for helping my kids attend a school where they can be successful.”

2023

IMPACT REPORT

2023: A Successful Year!

BY THE NUMBERS

Caresource	\$60,400
PVSA	\$17,350
Faculty	\$21,000
